- a) We will sell and supply electricity to You at the Premises subject to these Conditions until the Agreement is ended by either You or Us in accordance with Conditions 11 and 12.
- b) It is a condition of supply that You have a Connection Agreement and keep to its conditions. Please read the DSO conditions for connecting You to the electricity distribution system, which You can get from the DSO website at www.esbie/esbnetworks. If You have taken over the supply to premises that were previously supplied in the name of another customer and You do not have a Connection Agreement for the premises, the DSO will consider that the previous customer's Maximum Import Capacity and the conditions of the previous customer's Connection Agreement apply to You. You will not have to enter into a new Connection Agreement Yourself, but You must keep to all the conditions of the previous customer's Connection Agreement. If You prefer to have a Connection Agreement in Your own name, You should contact the DSO at www.esbie/esbnetworks.
- c) For existing customers this Agreement shall commence on the date of this Agreement. For new customers it shall commence on the date We receive notification from MRSO that You are registered as a customer of Ours.
- d) You must give us all the information We need about the Premises, and all other details which We ask for to work out what kind of account/Price Plan You need.

- g) We will do all We can to process an application so that the electricity account is set up by the date You need it, as long as You have met all Our financial and other requirements.
